CITY CHEMIST IGNORED IN NEW MILK ORDINANCE.

Bill Introduced in House by Dairymen Gives Power of Inspection Only to His Assistants.

Delegate Mechan, by request, introduced

a new milk ordinance in the House of Delegates last night.
Attorneys for the milkmen are said to

have been working on the bill for some time, and the result is to secure pure milk for the consumer and also make the in-spection conform to the convenience of the dealer as much as possible. In the new bill, the control of the in-

spection of the milk is placed with the Health Commissioner. When told of this Doctor Simon said that he already had troubles of his own. The weekly reports made by City Chemist Bernays to the Board of Health, he said, had always been approved and his work was complimented. The -resent law gives to the City Chemist and his assistants the authority to have full access to all places where milk or cream are kept. The new bill delegates this power to the inspectors, but says nothing about the chemist.

The question of hours is also touched upon. In the new bill only "reasonable hours" are designated. Doctor Bernays has been making unexpected visits to dairies against whose owners he his obtained convictions, it is said.

The appointment of five additional assistants is also provided for in this ordinator. Doctor Simon said that he already had

OUR SPECIAL OFFER EXTENDED. In view of there being so many afflicted with private chronic and pelvic diseases, who are treating with quark specialists and inexperienced physicians without receiving any benefit, we have decided to make a special offer to charge only one-half of our regular fee for curing those who are now undergoing treatment clsewhere and are dissatisfied, provided they come to us before Nov. 17, 1905. For instance, if you are afflicted with either Piles, Rupture, Vanicoccie, Hydroccie, Stricture or Nervous Decline, our charge for curing either of which, without any complications, is \$25.00, we will cure you for \$12.50, and accept the money in any way you may wish to pay. We will also cure Contagious Blood Poison for \$25.00, which is just half our regular fee. This liberal offer is made to enable those to be cured who have spent their money in doctoring without relief, and to show the many who have treated with dozens of physicians without benefit that we have the only methods that produce a lifelong cure.

TRIES CASE OVER THE TELEPHONE.

Justice Beach in Belleville Hears Evidence Submitted at East St. Louis.

FINES WILLIAM LYNCH \$5.

Witnesses Tell Sides and Questions of Lawyers Are Put So. Answers Could Be Heard by Judge.

Justice of the Peace James M. Beach, while at Belleville yesterday morning, tried a case of assault and battery at his court in East St. Louis, using the Bell Telephone Company's wires to hear the evidence. He came to the conclusion that the defendant was guilty and assessed a fine, which was paid.

Judge Beach was called to Belleville to appear as a witness in a case in the Circourt Court. While there he was called to the telephone and was told that a case was ready for trial in his court.

It was the case against William Lynch,

charged with assault and battery on Lynn Bradford, City Attorney Maurice V. Joyce asked Judge Beach to hurry down from Belleville so that he could try the case. Judge Beach replied that it would be impossible for him to leave Belleville. Then it was suggested that he hear the evidence over the telephone. It was agreed among the lawyers that the side which

lost should pay the telephone charges.

The witnesses told their stories over the telephone to Judge Beach, and the questelephone to Judge Beach, and the ques-tions of their lawyers were put so that Judge Beach could hear both question and answer. The lawyers then made their arguments, City Attorney Joyce closins the case, Judge Beach fined the defendant 55 and costs. Lynch paid the fine and costs to Judge Beach's clerk.

The fact that Judge Beach had tried a case in East St. Louis while in Belleville was noised about East St. Louis, and on Judge Beach's return to East St. Louis in the afternoon he was congratulated by the attorneys.

atternoon he was congrava-atterneys. "It was just as easy as sitting in my courtroom," said Judge Beach on his re-turn from Believille. "I heard the ques-tions put by the lawyers and then the witnesses would get close to the telephone so that I could hear the replies. It seemed strange at first, but I had no trouble in arriving at a just verdict."

McDaniel Fined \$100 and Costs. Joseph McDaniel, 28 years old, of Belleville, was yesterday morning fined \$100 and costs by Justice of the Peace Wanand costs by Justice of the Peace Wangelln on a charge of running a smallpox
quarantine at the home of Mrs. Anna
McKernan, a widow, living at Fourth and
Race streets. McDaniel and Mrs. McKernan are old friends, and when he
heard that she was ill with smallpox he
tried to carry her some delicacles. He
was met by Policeman Gruenwald, who
told him that he could not enter the
house. He insisted and was arrested. He
was sent to jail.

Williams Sent to Penitentiary. Seventeen prisoners were arraigned in the Circuit Court yesterday on various charges, and all pleaded not guilty. They were returned to the jail to be tried dur-ing this term. James Williams, who had previously entered a plea of not guilty, changed it yesterday to guilty of burglary and was sentenced to the Penitentiary.

MAY COMPEL RAILROADS TO ASSIST WITH DIKE.

Mayor Cook Calls a Meeting for Next Tuesday to Discuss Flood Protection.

Mayor Silas Cook of East St. Louis yesterday called a meeting of the committee he recently appointed to consult with the railroads and corporations on the dike

proposition, to be held in his office next Tuesday at 5 p. m. The meeting will be for the purpose of

The meeting will be for the purpose of discussing the situation and mapping out a line of action to be taken with the railroads, especially to induce them to begin work on raising their roadbeds so as to form a dyke around the city as planned by City Engineer E. G. Heim.

Several of the corporations, including the National Stock Yards, have expressed their desire to do their share towards the building of the dike which will, it is planned, protect the city from future

their desire to do their share towards the building of the dike which will, it is planned, protect, the city from future floods from the Mississippi River, but the railroad companies have as yet taken no concerted action.

It is to get the railroads to take up the matter immediately that Mayor Cook has appointed this committee of representative men of East St. Louis.

In case the railroads do not agree to the plans as prepared by Engineer Heim or a modification of them, so that the city will be entirely protected, Mayor Cook will call a special election so that the city can be formed into a drainage district and then the railroads can be compelled by ordinance to do the work which is desired by the city officials.

The plan which has been printed in detail in The Republic is for the railroad tracks about the city so as to form a complete wall or dike, which will keep out the flood water of the Mississippi River. It is proposed by Mayor Cook that this work shall be completed before the June rise in the Mississippi, and it is for this reason that he is urging all possible haste in getting the dike started.

The committee, of which Mayor Cook is the chairman, is composed of J. M. Freels, L. C. Haynes, C. T. Jones, Doctor H. C. Fairbrother, Thomas L. Fekete, J. T. W. Rudeshill, W. H. Hill, E. C. Kramer, Thomas Kneobel, F. M. Horner and Joseph Nestor.

St. Louis, 51 years old, and Miss Fannie Baker of East St. Louis, 41 years old, came here from St. Louis on a noon train and twenty-five minutes later returned home husband and wife. Seven minutes after entering the Courthouse they were married by Jundge Hugo Bremser.

They procured the license in two minutes and five minutes later the ceremony had been performed. The couple was in such a hurry that the Judge broke his record for quick ceremonies.

The annual election of officers of the St. Louis Furniture Board of Trade will take place Monday night in the board rooms. George B. Parker and W. H. Roscher are candidates for president on the tickets that will be presented. Two vice presi-dents, secretary and treasurer, as well as eight members of the Executive Commit-tee, are also to be elected.

CITY HALL WORK AGAIN DELAYED.

Bids for Building's Completion Thrown Out Because They Are Too High.

The Board of Public Improvements yesterday turned down the bids for the work on the completion of the new City Hall and the additions to the Poorhouse, which were opened at the meeting last Tuesday. The lowest bld was \$154,000 and the amount appropriated is only \$150,000. When the ordinance was drawn the architects made a careful canvas of the cost of ma-tericls and the different kinds of work, and on these estimates the bill was sent to the Municipal Assembly.

to the Municipal Assembly.

Now it turns out, so City Hall officials state, that contractors, who so gladly furnished estimates to the commission, falled to stand up to them when handing in their official bids to the board.

President Phillips said that this would necessitate advertising for the bids again and compel a reletting of the contract. This will delay the work, which seemed to be progressing finely, at least a month, and possibly longer.

are Senators Aldrich, Allison, Platt of Connecticut, Burrows, Platt of New York, Hansbrough, Spooner, Daniel, Teller and Money. The retirement of Senator Jones of Nevada, Senator Jones of Arkansas and Senator Vest of Missouri made the three vacancies on the committee. Republican members of the Senate will caucus Tuesday morning, when a committee will be selected to recommend members to fill vacancies. Senator Hale will be chairman of this caucus.

The Finance Committee to-day considered briefly the question of proposing some form of new legislation that would leave no doubt of the authority of the Secretary of the Treasury to deposit all public moneys in national banks. No agreement was reached and no announcement was made by any member as to whether or not all hope of financial legislation had been abandoned.

"LEXOW" COMMITTEE MAY NOT SECURE APPROPRIATION

Officials Question Authority of House of Delegates to Compel Testimony on Tax Returns.

Those of an inquiring turn of mind around the City Hall are asking where the money is to come from for the "Lexow" Committee, recently appointed by Speaker Gazzolo of the House of Delegates, the duty of which is to "get the taxdodgers."

To spend money an ordinance passed by both the House and the Council and ap-proved by the Mayor is necessary. Some

proved by the Mayor is necessary. Some persons say that the Council would not pass such a bill, and the approval or disapproval of Mayor Wells is too far in the future to guess at.

Furthermore, high legal authority says that a committee of the House has no authority to call a private citizen before it and compel testimony as to his tax return. The same authority says that the House may investigate its own body all it may choose, but the question of tax returns is a function of the Board of Equalization, which sits every March.

City Hall officials agree that a committee from the House or any other body may go over the books in Assessor O'Brien and it it should not think that some of the returns shown there are high enough it could go before the Grand Jury.

high enough it could go before the Grand Jury.

Assessor O'Brien said yesterday that he would like nothing better than to see the work go on, and he would do all he could to help things along, but his private opinion is that the committee from the House has no power whatever in the matter.

This same resolution creating such a committee was voted down in the House last summer. Members said then that it savored of graft, as there would of necessity have to be two or three high-salaried positions in connection with the work.

As appointed by Gazzolo the committee is: Wiedmer, chairman; Williams, Rott. O'Neill, Witthoeff, Organization has been effected with Peter Barrett as attorney at a salary of \$250 a month. W. J. Gavigan is clerk of the committee,

Assessor O'Brien gave out some figures yesterday to show what had been done by the way of an increase in assessments. In 1900 the books show a valuation of \$39,923,120, while in 1903 the amount is \$44,233,560, an increase of \$3,300,310. Of this raise \$34,510,20 is on personal property alone.

BALTIMORE AND OHIO BOXDS.

Sold to Reimburse Company for Outlay in Improvements. Baltimore, Md., Nov. 6 .- Officials of the Baltimore and Ohio Railroad Company stated to-day that the bonds sold in New York were part of the treasury assets of the company, and they are now sold to reimburse the company for outlays of improvements.

Under its financial plan the company Under its financial plan the company has certain bonds available each year for this purpose. Instead of selling them they have been accumulating and the company has been supplying money for improvements out of its funds.

Now the company sells a part of its treasury bonds to reimburse the company. The officials say it does not increase the liabilities, as the treasury bonds are carried in the balance sheet.
